**2,200 Acres of Flagstaff Fun.** Wyndham Flagstaff, located in Northern Arizona's high country, offers you a neighborhood-style "home away from home" with a full range of resort amenities and activities. It's easy to enjoy a wonderful stay here without even leaving the grounds. When you do head off site, you're close to so many of the attractions that make this region such a popular vacation spot — including the Grand Canyon.

**Resort Fun.** You'll find spacious units here. Guests frequently mention our staff's warm hospitality along with the impressive choice of amenities. With Flagstaff's breathtaking scenery, the hiking and biking trails are always big winners: take a slow walk or a brisk bike ride — either way, you can't beat these views. Another way to soak in the beauty is on the links. You'll find an 18-hole championship course plus 12-acre driving range and par-3 chip-and-putt course amid lakeside and mountain vistas. Splashing fun comes in two varieties: the fitness pool at the on-site Continental Country Club, and the family/kids pool at Bear Paw Activities Center. If you enjoy tennis, the courts are lit for evening play. It's fun to mingle with fellow owners at our resort-hosted activities. Kids will love the PlayStation game station and you may appreciate the complimentary Internet access as well. When appetites beckon, you'll find Starbucks coffee and other tasty treats at the Bear Paw Activities Center — plus relaxing meals and cocktails at Jotini's on the Green.

**Beyond the Resort.** Look for excellent snow skiing in winter at Arizona Snowbowl, plus stunning Grand Canyon views all year long. Head to downtown Flagstaff for quirky fun along famous Route 66. The area offers many cultural delights: at the Museum of Northern Arizona, Lowell Observatory, Pioneer's Historical Museum, plus much more. The Petrified Forest is a definite must-see; it's adjacent to the Painted Desert.

#### Helpful Hints:

- 7,000 feet above sea level: may snow October to April, cooler than Phoenix in summer
- Children's/teen activities are seasonal
- Vehicle recommended; additional dining/entertainment and grocery 1-5 miles away
